COMMUNICATION

Box AF
Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Pursuant to a conversation between the undersigned and the Examiner on 7 June 2000, please transfer the computer readable sequence listing disk from daughter application U.S. Serial No. 09/282,357 into the above-captioned application. The computer readable form of the sequence listing submitted in Serial No. 09/282,357 is identical to the paper copy of the sequence listing as previously submitted in the herein application. Applicants understand that a disk containing the computer readable form of the sequence listing in the above-captioned case was received by the Office but has since been misplaced. The CRF now maintained in daughter application 09/282,357 is identical to that submitted in the above-captioned case.

Should there be further complications regarding the integrity of the sequence listing,
please contact the undersigned.

Respectfully submitted,

Dated: June 7, 2000
